

# Nigel Wright **raises over £13,000** to help combat cancer

Nigel Wright Group has been fundraising throughout 2016-17 for Cancer Research UK. Employees across our 13 European offices have been involved in activities that have raised over £13,000.

Fundraising has been ongoing during the year and has included regular initiatives such as a tuck shop, raffles, dress-down days, as well as one-off challenges.

The biggest fundraising event took place during a weekend on 8-9 July 2017, when Nigel Wright employees accepted the challenge of completing The Yorkshire Three Peaks. Over 30 employees from across our international offices participated in the walk. Most of the Group completed the challenge of walking more than 24 miles over the peaks of Pen-y-Ghent,

Wharfedale and Ingleborough in under 12 hours, and everyone enjoyed the experience however long it took.

Nigel Wright's Marketing Director, Justin Barlow, commented: "We were delighted to complete this challenging event and other activities to raise over £13,000 this year. We have now raised well over £35,000 for Cancer Research UK during the last three years. If any employee has an idea for raising money for this worthwhile cause, then we'll happily support them."

Cancer Research UK's Carolyn Reynolds praised the Nigel Wright team saying: "Nigel Wright staff are brilliant supporters of Cancer Research UK. We are making research breakthroughs in adult and children's cancers, and that means that we get closer to beating cancer, whilst also developing therapies that have fewer side effects, are less toxic and are kinder to patients. One in two of us will receive a cancer diagnosis in our lifetime. We receive no government funding for our research, so companies like Nigel Wright are the backbone of the work we do."
