

Launch of Swiss Office

Nigel Wright is delighted to announce that, earlier this month, our European expansion continued with the opening of our latest office in Nyon, Switzerland.

Switzerland is a large potential market and strategically important as a headquarters for many of the world's leading Consumer businesses.

The office is located ten minutes from Geneva at the Nyon Lake Geneva Business Park (<http://www.regus.com/locations/CH/Eysins/NyonLakeGenevaBusinesspark.htm>), which is a brand new development capable of catering for both our current needs and our anticipated expansion in the months ahead.

Senior Manager Chris Bone commented 'the office provides an excellent base to drive our growth in Suisse Romande and Suisse Allémanique, as well as offering our clients and candidates a professional location to meet.'

Our intention is to build a team based there to service our client base. With this in mind, we welcome applications from interested parties.
