

For over 20 years, Nigel Wright has been a trusted recruitment partner to the global energy sector. Our clients are diverse and range from local niche suppliers to multi-national, global leaders. We cover a broad range of energy industry areas including extraction, refining & distribution and waste management. Our clients include manufacturers, operators and consultancies involved in subsea, offshore and onshore activities across all of the major energy sub-sectors: oil & gas, mining & minerals, nuclear power, utilities and renewable energy.

We recognise the vital importance of these industries to the future of the UK's economy. In the UK the oil and gas sector is an export industry worth in excess £6 billion a year. It is anticipated that the renewable energy industry will become the fastest growing sector in the UK economy over the coming years. And almost 2% of the UK's workforce is employed in the Energy and Utilities sectors. Energy companies also continue to push the boundaries in technological innovation, sustainability and process efficiency.

At Nigel Wright, we offer in-depth expertise and knowledge of the Energy industry. Our consultants have first hand experience of working within each sub-sector as well as enjoying long standing affiliations, with relevant industry bodies. Our service is broad, skilled and multi-disciplined. We focus between management to executive level positions covering Managing Directors, Operations, Supply Chain, Engineering, Scientific, Quality, Sales, Marketing, Finance, HR and IT.

The type of service we offer is unique. We have developed an exceptionally successful delivery model based on proactive and highly-skilled search and selection methodologies. Our key differentiating factors are a focus on the quality of client servicing, in-depth understanding of clients' recruitment requirements and access to the best candidates. We can offer bespoke solutions to solve your specific recruitment problems.

At Nigel Wright we are closely aligned with the leading organisations in the industrial sectors, have strong relationships with decision makers and as such, our consultants are in a strong position to represent your interests.

CLIENT TESTIMONIALS

"Nigel Wright has consistently supplied Darchem Engineering with high calibre candidates, for a number of years. They have demonstrated an ability to deliver a professional service, tailoring the solution to each individual assignment, whilst continuing to appreciate and understand the unique needs of our business."

Operations Director, Darchem Engineering Ltd.

"Nigel Wright listened to the brief and provided a shortlist of high quality candidates in a short timeframe."

Operations Director, PSI Global.
