

ENERGY CANDIDATE E-UPDATE – SEPTEMBER 2014

Welcome to our September e-update for candidates working in the UK oil and gas industry. In this edition, you can download our 2014 UK Oil and Gas salary survey, highlighting the most up to date remuneration and benefits data for those working in the oil and gas sector in the UK.

Salary Survey

In August, we published our 2014 UK Oil and Gas Salary Survey. The report was compiled from over 1,000 respondents, across the oil and gas sector, who completed our online survey during the first quarter of 2014. As well as data on the salaries, benefits and bonuses people receive within oil and gas industry, the report also covers other factors such as the reasons why people move jobs, as well as the methods utilised to search for a new job.
