

We are delighted to announce the publication of our latest UK Consumer Update, a magazine for our customers in the UK Consumer sectors. In this issue, as the Eurozone situation draws us towards uncharted waters, we take a look into current recruitment and talent trends in the UK. In these uncertain times it can be difficult for companies to know what the right growth strategy is, Shaun Browne, MD of McQueen gives us an insight into the M&A market within the consumer sector for 2012.

As a specialist recruiter in the consumer products and services sectors we have included some market commentary provided by our consultants and some key contacts direct from the market. We have also taken the opportunity to highlight some of our own news such as our Business Leaders Dinners series and in response to continued success, the expansion of our Executive Search team.

We hope you find the content of this update interesting. Please get in touch if you would like further information on any of the topics covered or if you wish to discuss your staffing needs.
