

Front of Brochure

As proud Sponsors of tonight's event, Nigel Wright Recruitment would like to welcome you to the Nigel Wright North East Accountancy Awards 2015. We are especially delighted to join the North of England finance community in celebrating the region's top accounting and finance talent for the ninth consecutive year.

The last twelve months have brought increased opportunities for local companies to expand, as well as further invest in attracting and retaining talent. The network of finance and accountancy firms has become increasingly stronger in the past year, and we are pleased to say that our own finance recruitment team has grown; now covering Teesside from our new office at Wynyard Park.

We are committed to supporting individuals and teams across the North of England to achieve success and to get recognised for their efforts. It is therefore our pleasure to congratulate this year's nominees on their outstanding contribution to the region's finance community, and wish them the best of luck tonight.

50 words alongside outstanding achievement award.

Nigel Wright Recruitment has been closely associated with the finance profession since it began trading in the 1980s. As our business has grown, so has the size of the finance community here in the North East. Our recruitment team works at all levels, in all sectors, identifying future talent for our clients. Tonight's outstanding achievement award is an acknowledgement of the exceptionally high standards there are within the profession, in the region, and we are delighted to continue to be associated with this dynamic and hugely talented group of people.
