

**Nigel Wright opens second Danish office**

Earlier this year, Nigel Wright launched a new office in Aarhus. Since opening its first Danish office in Copenhagen in 2008, Nigel Wright has enjoyed a great deal of success in the Danish market, becoming recognised as a 'top 10 Danish search and selection company' (Økonomisk Ugebrev, 2011) as well as one of Denmark's 'best performing companies' (Børsen's Gazelle, 2013).

Thomas Thorsen, Managing Consultant Nigel Wright Denmark, commented:

"Although we already have an excellent exposure to the Danish executive market, this additional office will give us the added ability to get closer to our clients and offer a greater diversity of specialist sector and discipline knowledge, as well as expertise which is not locally or regionally limited.

"We are an international organization, so having an international focus is key to us, both in terms of the market knowledge that we can offer, and also in ensuring that our clients have access to the best candidates in the market, nationally and internationally. At the same time, our roots in the local market allow us to understand our domestic clients and source the best talent to suit their needs. We are very happy and proud to be able to open a second office in Denmark."
